

|                   |                                 |
|-------------------|---------------------------------|
| Max. Druck        | 4,5 MPa                         |
| Temp.             | -195 °C - 225°C                 |
| Plattenmaterial   | AISI 304, Werstoff-Nr: 1.4301   |
| Fläche pro Platte | 0,052 m <sup>2</sup>            |
| Fläche            | A= (n-2) * 0,052 m <sup>2</sup> |
| Lot               | 99,9 % Cu                       |
|                   | F1 → F3; F4 → F2                |
